

Patravi TravelTec

Carl F. Bucherer presented a really individual new watch – the Patravi TravelTec GMT. A watch which stands out above all other time zone watches due to its sophisticated functions and extreme functionality.

As well as being a practical chronograph, this stunning watch, which features the exclusive CFB 1901 calibre, also boasts a range of functions enabling several time zones to be displayed. The third time display is operated by a newly developed single push-button mechanism. Careful examination and daily use of this watch will soon demonstrate just why Carl F. Bucherer products have been so appreciated since 1919 by people who only ever expect the exceptional as the norm.

Going your own way - this is part of the philosophy of Carl F. Bucherer since 1919. And it is why we are still an independent family-owned Swiss company today. In the true tradition of the founder, we make no compromise when it comes to highest quality and love of detail. To ensure that the only watch from the heart of Switzerland will remain unique in the future, too.
